

DHS Science and Technology Directorate

First Responder Resource Group

Membership Application Form

DHS S&T's First Responder Resource Group (FRRG) serves as a mechanism for continuous dialogue and the coordination of research, development and delivery of technology solutions to first responders and the emergency preparedness and response community at the local, state, tribal, territorial, and federal levels. As part of the FRRG, over 120 responders from around the country are engaged throughout S&T's established solution development process to identify, validate, and facilitate the fulfillment of first responder needs through the use of existing and emerging technologies, knowledge products, and standards.

If you are interested in joining the FRRG, please send this completed for along with your resume or CV to first.responder@dhs.gov.
